## **(ii) Forums for biomedical text mining on the Web**

BLIMP <http://blimp.cs.queensu.ca/>

"BLIMP covers all publications related to the fast-growing field of biomedical literature and text mining. It is a one-stop resource, letting researchers find out who-does-what in the area and where it is published, bridging across the many discipline-specific venues in which biomedical text-mining papers are published."

BIONLP <http://www.ccs.neu.edu/home/futrelle/bionlp/>

Bob Futrelle's NLP for Biotext Mining

<http://www.text-mining.org/>

A comprehensive collection of text mining resources, including links to publications, commercial suppliers, news items, research groups, events, etc

## **(iii) Named Entity Recognition and Terminology Management**
